Course Policy Statement

Course  95.413/513  Classical Mechanics  3 Credits

Semester  Fall 2014
Room  Southwick Hall 402 – North Campus
Time  Tu, Th: 11:00am – 12.15pm
Course Coordinator  Dr. Andriy Danylov  
Office: Olney 127  
Phone: 978-934-3703  
Email: Andriy_Danylov@uml.edu
Office Hours  M, W: 12.30–1.30 PM  
Tu, Th: 11.00–12.00 PM

Course Description and Goals:
This is a one-semester course is devoted to the foundation of classical mechanics at the upper undergraduate level. Covering topics include Newtonian and Lagrangian formalisms, central force problems, coupled small oscillations and eigenvalue problems, and introductory concepts of rigid body motion.
It is expected that you are familiar with the Course Policy as presented. It should be kept among your notes where it is readily available for reference. Seek clarification if necessary.  
No food is allowed in the classroom.

Required Text:  
"Classical Mechanics" by J. Taylor  
(University Science Books, 2005)  
ISBN 978-1-891389-22-1, 786 pages
Other resources:  
“Classical dynamics of particles and systems”  
by Marion and Thornton.

Course Format:  
One-hour lectures will be conducted on Tuesday and Thursday from 11:00 am to 12:15 pm. Discussions in class are encouraged. Some problems from homeworks will be presented by students in class.

Make-up Work:  
Attendance to all classes is mandatory. Illness on the day of a class must be verified by submission of a letter from a physician or nurse showing that you were seen prior to or on the day of class and attest that your illness made you unable to attend the schedule period.

Disabilities Policies:
If you have either a learning disabilities or severe physical handicap you may be eligible for extra time during exam and the final. Discuss your situation with the UMass-Lowell Counseling Center. A properly filled out Learning Disability accommodation Notification form must be filled out and a copy given to your instructor before we can help you in this regard. All information will be kept confidential.

Grading Policy:
Grades will comprise homework, two one-hour exams, and a three-hour final. The course grade will consist of 25% for homeworks, 20% for the first one-hour exam, 20% for the second one-hour exam, and 35% for the final examination

Exam I - 20%
Exam II - 20%
Homework - 25%
Final Exam - 35%
