Nuvera Fuel Cells (www.nuvera.com) is a global leader in the development of fuel processing and fuel cell technology, committed to providing clean, safe, efficient, and high-value added hydrogen-based power products. With offices in the USA and Italy, Nuvera is focused on the commercialization of electrochemical power modules for industrial and automotive applications, and modular, cost-effective hydrogen generation, compression, and dispensing systems.

**Environmental Health & Safety Intern**—We are seeking a part-time EHS Intern to be located in our Billerica, MA office. The EHS Intern will be responsible for assisting the EHS Manager in reviewing and updating the following programs:

- **Job Hazard Analysis** – Working with manufacturing and the EHS Manager to document safe work procedures and personal protective equipment requirements for new equipment
- **Personal Protective Equipment** – Inventory, purchase, and maintain EHS Personal Protective Equipment
- **Records Management** – Maintain records to support compliance with federal, state, and local EHS laws and regulations
- **Document Control** – Working closely with the EHS Manager to review and update existing programs to verify documentation meets Nuvera’s Quality and Environmental Health and Safety requirements
- **Data Management** – Use spreadsheets to develop monthly reports to document Nuvera’s resource consumption (electricity, natural gas, water)
- **Training** – Maintain EHS training database and work with EHS Manager to develop/update training presentations. Assist with the deployment of EHS training programs
- **Communications** – Assist with the development of EHS communications (Postings/News Letters/Videos)

**Qualifications:**

- Must have good time management, organization & written/verbal communication
- Ability to work with minimal supervision and self-motivated
- Familiarization with Microsoft (Outlook, Excel, Word, PowerPoint)
- Team player
