University of Massachusetts Lowell, Department of Psychology, 870 Broadway Street, Lowell, MA, 01854
Phone: (978) 934-3916; Fax: (978) 934-3074; Email: Khanh_Dinh@uml.edu

EDUCATION

Doctor of Philosophy, Clinical Psychology 1999
APA Accredited Program, University of Washington, Seattle, WA

- Dissertation: *Psychological Adjustment and the Quality of Parent-Child Relationships among Asian Americans: Acculturation and Parent-Child Acculturation Conflict*
- Clinical Internship: APA Accredited Program, Southwest Consortium Predoctoral Psychology Internship Program, Albuquerque, NM.
- Minor and Breadths: Community Psychology, Developmental Psychology, Psychology of Women.

Bachelor of Arts, Psychology 1990
University of Washington, Seattle, WA

- Honors Thesis: *Parent-Child Relationships in Vietnamese Immigrant Families*
- Academic Honor: Graduated with Distinction in Psychology

POSTGRADUATE TRAINING

Postdoctoral Fellow 1999-2001
Center for Prevention Research, Arizona State University, Tempe, AZ

- Participated as postdoctoral trainee in several prevention research studies, focusing on acculturative issues, problem behavior, and mental health problems among Mexican American families and youth. Responsibilities included writing manuscripts, performing statistical analysis, obtaining advanced statistical skills, assisting in the development of new acculturation measures and focus groups, and attending prevention research seminars and courses.

ACADEMIC APPOINTMENT

Associate Professor 2007-present
Department of Psychology, University of Massachusetts, Lowell, MA

Assistant Professor 2001-2007
Department of Psychology, University of Massachusetts, Lowell, MA

AREAS OF EXPERTISE

- Immigrant psychology and adjustment (youth and families)
- Diversity and ethnic minority psychology
- Health risk behaviors in youth populations

RESEARCH EXPERIENCE

Principal Investigator

2001-present

Laboratory for Immigrant Research, Department of Psychology, University of Massachusetts Lowell

The Laboratory for Immigrant Research involves research and consultation projects focusing on the psychosocial adjustment of immigrant individuals, families, and communities. Current projects include: (1) Health and Mental Health Status of Mexican American Women; (2) Acculturation and Parent-Child Relationships in Asian American Families; (3) Acculturative Experiences of White/Euro-Americans in their Adaptation to Asian Americans; and (4) Academic Achievement of Cambodian American Youth.

Principal Investigator

1994-1998

Asian American Families Study, Department of Psychology, University of Washington, Seattle, WA

Conceptualized and designed a study of 300 Asian American participants and their parents; trained two teams of research assistants to conduct laboratory sessions, interviews, and behavioral coding of videotapes; modified existing coding methods and instruments; performed statistical analyses; manuscripts preparation.

Research Assistant

1990-1998

Hutchinson Smoking Prevention Project, Fred Hutchinson Cancer Research Center, Seattle, WA
Principal Investigators: Arthur Peterson, Ph.D. and Irwin Sarason, Ph.D.

A 15-year longitudinal study of smoking prevention among children and adolescents from 3rd grade to two years after high school in 40 school districts in the state of Washington. Duties: wrote manuscripts; assisted in the development of smoking prevention curriculum units from 3rd grade to 10th grade and cessation components for high school students; assisted in writing grant proposals; developed surveys; conducted pilot studies; performed statistical analyses.

Research Assistant

1990-1992

Blood Donation Project, Department of Psychology, University of Washington, Seattle, WA
Principal Investigators: Irwin Sarason, Ph.D. and Barbara Sarason, Ph.D.

A nation-wide study investigating intervention effectiveness of motivational videos on prevalence of blood donation among adults and high school students. Assisted in the development of motivational videos for adults and high school students; conducted pilot studies; developed psychological instruments; performed statistical analyses.

Principal Investigator

1988-1990

Vietnamese Immigrant Families Study, Department of Psychology, University of Washington, Seattle, WA
Faculty Advisor: Barbara Sarason, Ph.D.

As part of an undergraduate honors project, conceptualized and designed a study which included 200 college-age participants and their parents; trained research assistants to conduct phone recruitment, laboratory sessions, and data entry; modified existing instruments; performed back-translation of instruments from Vietnamese to English; performed statistical analysis; prepared manuscript.

Research Assistant

1987-1988

Romantic Relationships Study, Department of Psychology, University of Washington, Seattle, WA
Principal Investigator: Alan Fruzzetti, Ph.D.

A 1-year study examining relationship satisfaction and psychological adjustment among college students. Responsibilities included conducting laboratory sessions and follow-up interviews, data coding and entry.

CLINICAL EXPERIENCE

Psychology Resident

1999-2001

Clinical Psychology Center, Arizona State University, Tempe, AZ

Diagnosis, testing, and treatment of individuals in brief outpatient cognitive-behavioral psychotherapy. Client populations include university students and individuals from the Phoenix metropolitan area.

Psychology Intern

1998-1999

Southwest Consortium Predoctoral Psychology Internship, Albuquerque, NM

Rotations included Behavioral Medicine, Indian Health Service, Psychiatric Consultation, and Substance Abuse. Diagnosis, testing, and treatment of individuals, couples, and groups in brief outpatient and inpatient cognitive-behavioral psychotherapy; patient populations included veterans, Native Americans, Hispanic Americans, adolescents, adults, and elderly.

Staff Therapist

1993-1998

Psychological Services & Training Center, University of Washington, Seattle, WA

Diagnosis and treatment of individuals, couples, and groups in both short and long-term outpatient psychotherapy; therapeutic orientations included cognitive-behavioral, psychodynamic, family systems, feminist, and narrative therapy.

Counselor and Case Manager

1/1996-6/1996

Asian Counseling and Referral Service, Seattle, WA

Provided short-term individual outpatient psychotherapy (in Vietnamese) to Vietnamese clients; received case management training; performed statistical analyses and summarized results of treatment outcomes.

Staff Therapist

1995-1996

Family Therapy Team, Department of Psychology, University of Washington, Seattle, WA

Received didactic and clinical training in structural and strategic family therapy, including in vivo and group supervision and direct intervention with participating families.

Staff Therapist

1994-1995

Hall Health Mental Health Center, University of Washington, Seattle, WA.

Diagnosis and treatment of individuals in short-term outpatient psychotherapy within a university counseling center.

TEACHING EXPERIENCE

Courses:

- Abnormal Psychology
- Community Psychology
- Immigrant Psychology & Communities
- Psychology of Diversity
- Social Psychology
