

# Just one pair...

If each UMass Lowell student gave **just one pair**, we would give new shoes to every infant, child, and teenager in foster care in Massachusetts

There are over **8000 children** in foster care in MA • They are **12 yrs old** on average • They are there for **protection** from neglect and abuse • Some of them have **never had a new pair of shoes** • Some of them will **never have a permanent family** • All of them will be adults someday soon
