

Math 305, Problem Set #3
(due **by email** Friday, 10/2/09, 10:30 a.m.)

Abbott, section 2.2, problems 1, 4, 5, and 6. Note that for problem 6, you are asked to make sentence (a) true by picking either the word “larger” or the word “smaller”, and you are to explain why it is true; then you are to do the same for sentence (b).

Abbott, section 2.3, problems 1, 5, 6, 8, and 10.

Please don't forget to write down **who you worked on the assignment with** (if nobody, then write “I worked alone”), and record **how much time you spent on each problem** (this doesn't need to be exact).
